

Nunna Yaswanth

Undergraduate Student | Exploring opportunities

Visakhapatnam | +918500647625 | yaswanthnunna05@gmail.com | yaswanth-nunna-1800733b0

Professional Summary

Computer Science student with experience contributing to UI/UX projects and exploring modern technologies. Passionate about continuous learning, improving user experiences, and seeking opportunities to apply technical skills in real-world projects.

Projects

Cold Storage Availability

- Developed a system to track cold storage capacity and availability in real time
- Designed a simple interface for users to check storage status and details
- Improved resource utilization by enabling efficient monitoring and updates

Where You go - Tourism Guide

- Built a tourism guide app for location-based travel info
- Designed a simple interface to explore destinations and routes
- Enabled easy trip planning with search and navigation features

Education

RAGHU ENGINEERING COLLEGE

2024-2027

BTECH | COMPUTER SCIENCE AND ENGINEERING

MRS AVN COLLEGE

DIPLOMA | COMPUTER SCIENCE AND ENGINEERING

2021 - 2024

Skills

- | | |
|----------------------------|-------------------|
| • UI / UX | • Time Management |
| • Teamwork & Collaboration | • Python |
| • Problem-solving | • Adaptability |

Certifications

- UI/UX Certification course - GIT Institute of Advanced Technologies
 - Applied UI/UX design principles to create user-friendly interfaces.
 - Designed wireframes and prototypes for better user experience.
 - Learned user research and usability testing techniques.
